Exhibit B to Registration Statement of Carlington Sales Canada Corporation

Insert Page 1:

7. Describe fully the nature and method of performance of the above indicated agreement or understanding.

Upon consultation with appropriate officials of the Government of the Commonwealth of Dominica (hereinafter "GCD"), registrant will propose methods of communicating with appropriate U.S. and/or Canadian executive and legislative officials to achieve desired assistance, particularly with respect to the economic development of the GCD. Registrant will arrange and participate in meetings as advisable and will accompany and advise representatives of GCD at such meetings as it is appropriate for such representatives to attend.

8. Describe fully the activities the registrant engages in or proposes to engage in on behalf of the above foreign principal.

It is expected that the lobbying activities will be restricted to arranging for, and meeting with, representatives of various executive and legislative departments, including in particular, Agriculture, Treasury, and State, with and without representatives of the foreign principal, as the circumstances might dictate. It is possible, however, that similar meetings with Members of Congress might also be arranged.

9. Describe all such political activities indicating, among other things, the relations, interests or policies to be influenced together with the means to be employed to achieve this purpose.

It is contemplated that registrant will be attempting, on behalf of the GCD, to encourage the U.S. and/or Canadian governments, as well as various international financial institutions, to make development and other grants and/or loans to the GCD. Some of these latter attempts may not involve the U.S. at all, but may involve the United Nations and related international financial institutions. To the extent necessary, the efforts with respect to U.S. and/or Canadian aid may also encompass relations with members of the legislative branch, whenever departmental approvals of assistance to the GCD may require congressional approval as well. Virtually all of this assistance will be through meetings and the presentation of materials and information on behalf of the foreign principal.
